

SMILES FOR LIFE

Since 1998, the Smiles for Life (SFL) Charity has raised over \$38 million for underprivileged children in local and international communities. Dr. Mark Marion and his entire team at Marion Smile Center partner with SFL to whiten people's smiles in the Zelenople area. All proceeds from whitening at Dr. Marion's office as well as donations from March 1st – June 30th are donated to charity.

½ of the proceeds go to SFL and the other ½ stays here in Zelenople to benefit the local community. In 2016, Dr. Marion's team raised over \$11,000. ½ of that went to SFL and the other ½, over \$5,200, went to the Zelenople Public Library. This year, Dr. Marion selected the Zelenople Pool as the local charity to receive ½ of the monies raised.

So tell your family members, friends, and associates to call Marion Smile Center at 724-452-4300 or visit their website (mmSmileCenter.com) to get more information on "Whitening their Smiles to Support our Local Pool Project".
